Welcome to The Norfolk Mead Spa

Tucked away in a beautifully converted 1740s barn on the Norfolk Mead estate, our spa combines the character of the past with a calm, modern feel. It's a peaceful hideaway within the grounds of our boutique country hotel, created with relaxation and wellbeing in mind.

Our light-filled conservatory restaurant offers a lovely spot to pause. You can enjoy a tapas lunch with small plates made for sharing or treat yourself to one of our award-winning Signature Afternoon Teas.

Our coffee bar serves freshly made coffees, homemade cakes and cocktails which can even be brought to you poolside. Both the restaurant and coffee bar are open to spa guests and visitors alike.

We have five private treatment rooms, two of which can be opened up for shared experiences. Our therapists offer a handpicked selection of luxurious treatments, using natural, paraben- and SLS-free products that are gentle on your skin and kind to the environment.
Every treatment is tailored to you, making each visit personal and unique.

For something a little bit different, explore our three experience rooms: the Beer Spa with its self-serve tap, the Prosecco Spa with golden waters and a chilled bottle on ice, and the Mud Chamber with its dramatic thunderstorm shower.

The Thermal Suite includes a hydrotherapy pool with massaging jets, a lemongrass-infused steam room, a refreshing foot spa and an experience shower with tropical rain, arctic mist and thunderstorm settings.

Outside, you'll find a panoramic sauna overlooking the garden, a sunken hot tub, and cold shower buckets for the brave!
Changing rooms are equipped with everything you need, including GHD hairdryers, straighteners and gentle facial products for your comfort.

Our spa is designed to be an intimate, restful escape. Whether you're floating in warm water, unwinding in the relaxation room, or sipping a cocktail under the open sky, every moment here is about slowing down and feeling good.

Welcome to The Norfolk Mead Spa - a place to relax, refresh, and reconnect.
